

JFF Awards Hilary Term 2022-23

Small Awards (28)

Principal Applicant	Department	Division	Title	Application Amount
Bianconi, Michele	Humanities Divisional Office	Humanities Division	Ancient Anatolia Network	£7,500.00
Bond, Emma	Medieval & Modern Lang Fac	Humanities Division	Enhancing Understandings of Early Italian Colonialism in Africa: Working through the Collections of Luigi Robecchi Bricchetti	£8,260.00
Boulanger, Dorothee	Medieval & Modern Lang Fac	Humanities Division	Luso-Ecologies: Preparing an ERC Starter Grant Application in Decolonial and Environmental Humanities	£6,300.00
Chrisinger, Benjamin	Social Policy and Intervention	Social Sciences Division	The Deep Roots of Racial Inequalities in US Healthcare	£9,963.26
Dyrmann, Kristine	History Faculty	Humanities Division	Informal Spaces and Practices of Diplomacy, 1750-1850	£2,843.98
Fang, Ximeng	Said Business School	Social Sciences Division	Financial Distress and Vulnerability to Misinformation	£10,000.00
Gaffney, Dylan	Archaeology	Social Sciences Division	The deep history of multi-species human interactions in highland New Guinea	£9,666.00
Galip, Ozlem	Geography	Social Sciences Division	Guns and Roses: The Aesthetic Existence of Kurdish Female Combatants	£6,480.00
Hacker, Lina	Oncology	Medical Sciences Division	Evaluation of novel near-infrared fluorescent probes for hypoxia detection in vivo	£9,770.00
Harry, Martyn	Music Faculty	Humanities Division	Metaleptic Incongruity and Transgressive Knowledge in my 'A Major (Love) Symphony': developing my new partnership with Le Concert de l'Hostel Dieu in Oxford and in Lyon	£5,412.00
Hellmann, Thomas	Said Business School	Social Sciences Division	Do University Equity Stakes Undermine University Spinouts?	£9,960.74

Principal Applicant	Department	Division	Title	Application Amount
Horton, Sophie	SOGE	Social Sciences Division	Sediment transport on shore platforms and its influence on marine terrace preservation	£9,800.00
Jagannath, Aarti	Clinical Neurosciences	Medical Sciences Division	Developing A1/A2A adenosine receptor antagonist eye drops to reset circadian rhythms	£9,604.79
Jankowiak, Marek	History Faculty	Humanities Division	Understanding a deluge of silver: the Paharelshchyna hoard and the beginnings of the silver flow from central Asia to northern Europe	£8,990.00
Jeffers, Elizabeth	Zoology	Mathematical, Physical and Life Sciences Division	Pioneering the use of confocal Raman imaging for field-based environmental research	£7,016.00
Lazar, Leah	Classics Faculty	Humanities Division	'The New Athenian Empire' Conference	£1,700.00
Leach, Elizabeth Eva	Music Faculty	Humanities Division	Studying the cultural evolution of music through large-scale online singing experiments	£9,750.00
Pang, Kar Lai	RDM Cardiovascular Medicine	Medical Sciences Division	An emerging role of the guidance receptor PlexinD1 in lymphatics valve development and lymphoedema	£9,987.72
Parrott, Matthew	Philosophy Faculty	Humanities Division	The Dynamics of Delusion	£1,090.00
Pinto, Joana	Engineering Science	Mathematical, Physical and Life Sciences Division	Is pregnancy a risk factor for cerebrovascular impairment later in life?	£9,000.00
Rampazzo, Francesco	Sociology	Social Sciences Division	We are Family: Family Representation in Images	£9,992.35
Rodger, Gillian	NDM Experimental Medicine	Medical Sciences Division	Nanopore-based metagenomic sequencing for characterisation of pathogen diversity in healthcare environmental reservoirs.	£9,999.65
Siroky, Lenka Bustikova	OSGA	Social Sciences Division	Churches and The Rise of Illiberal Politics	£10,000.00
Smith, Howard	Economics	Social Sciences Division	Monopsony and monopoly power in the food supply chain: welfare effects of price controls and retail taxes.	£10,000.00

Principal Applicant	Department	Division	Title	Application Amount
Vatri, Alessandro	Linguistics, Philology and Phonetics	Humanities Division	Diorisis Ancient Greek Corpus	£6,243.00
Woodruff, Christopher	Economics	Social Sciences Division	Firm networks and the signalling effect of litigation cases: Evidence from Kenya	£9,996.00
Ye, Kunhui	Atmos Ocean & Planet Physics	Mathematical, Physical and Life Sciences Division	Teleconnected influences of North Atlantic on East Asian climate variability and extremes	£10,000.00
Zhang, Yujia	Chemistry Department	Mathematical, Physical and Life Sciences Division	A Multifunctional Microscale Soft Battery	£9,500.00

Main Awards (23)

Principal Applicant	Department	Division	Project Title	Amount
Band, Gavin	The Centre for Human Genetics	Medical Sciences Division	Proof of principle: low-coverage sequencing analysis of genetic associations in a Gambian malaria case-control cohort.	£41,882.00
Carty, Ben	Biochemistry	Medical Sciences Division	DiMelo-Sequencing of Heterochromatin-Deficient Repetitive Centromeres	£13,597.02
Chalmers, Hamish	Education	Social Sciences Division	Evaluating inter-instrument reliability in the assessment of methodological trustworthiness in reports of experiments and quasi-experiments in education research	£31,675.18
Ereky-Stevens, Katharina	Education	Social Sciences Division	Developing an assessment tool to measure self-efficacy and skill in early years practitioners	£29,429.49
Fazel, Mina	Psychiatry	Medical Sciences Division	BrainWaves Adolescent Consent Study	£80,761.38
Flashman, Emily	Biology	Mathematical, Physical and Life Sciences Division	High Performance Liquid Chromatography for the Department of Biology	£58,300.00
Furniss, Dominic	NDORMS - Botnar	Medical Sciences Division	An electrophysiology system to enable interdisciplinary studies of peripheral nerve conditions	£35,037.80
Gangloff, Dorian	Engineering Science	Mathematical, Physical and Life Sciences Division	Semiconductor Quantum Technologies with Rydberg Excitons	£51,000.00

Principal Applicant	Department	Division	Project Title	Amount
Ghassim, Farsan	Politics & Int Relations	Social Sciences Division	How the world wants to be governed: Public opinion on international organizations, proposed reforms, and visions for global governance	£54,958.54
Green, Abigail	History Faculty	Humanities Division	Beyond Jewish Country Houses	£94,727.84
Gruszka, Dominika	Physics	Mathematical, Physical and Life Sciences Division	Customisable microscopy platform for single-molecule imaging of protein and DNA dynamics	£60,356.90
Howles, Sarah	Surgical Sciences	Medical Sciences Division	Defining causal CYP24A1-associated genetic loci in kidney stone disease	£59,749.87
Knight, Simon	Surgical Sciences	Medical Sciences Division	Explainable machine learning models for clinical decision making in organ offers for transplant	£47,479.23
Koutoukidis, Dimitrios	Primary Care Health Sciences	Medical Sciences Division	How does diet-induced weight loss influence the immune system in patients with non-alcoholic steatohepatitis?	£22,430.28
Larson, Greger	Archaeology	Social Sciences Division	Strategic infrastructure investment into ancient pathogens, proteins, and metagenomics	£35,788.87
Macintosh, Fiona	Classics Faculty	Humanities Division	DAT@agprd - Digital Ancient Theatre @ the Archive of Performances of Greek and Roman Drama	£26,759.08
Neidig, Michael	Chemistry Department	Mathematical, Physical and Life Sciences Division	⁵⁷ Fe Mossbauer Spectroscopy for Chemical, Biological and Materials Research	£78,820.00
O'connor, Daniel	Paediatrics	Medical Sciences Division	Revealing the reservoir and spread of antimicrobial resistance in the human gut microbiota	£27,632.78
Rocher, Luc	Oxford Internet Institute	Social Sciences Division	Utility and Privacy of Synthetic Data Generation for Social and Health Research	£44,243.55
Tait, Claudia	Chemistry Department	Mathematical, Physical and Life Sciences Division	Towards in-operando ESR and EDMR for organic electronics	£49,976.00
Tuck, Stephen	History Faculty	Humanities Division	Establishing a community history programme	£230,762.30
Uhlig, Holm	NDM Experimental Medicine	Medical Sciences Division	A multimodal organ-chip system as a collaborative hub to investigate cell barrier function across different organ systems in health and disease	£55,000.00
Wedding, Lisa	SOGE	Social Sciences Division	Pathways to Enable Diversity and Inclusion in Landscape Ecology	£64,983.00
